SAFE, PROGRESSIVE LEARNING

Here at Seaton Hackney Stables we believe that success comes from consistent learning that works toward a specific, achievable goal.

We work to build on what we teach in each lesson to safely progress riders in their horsemanship knowledge, physical strength, and communication skills. Please feel free to reach out by phone or email if you have any questions or if you think that therapeutic riding is right for you or your loved one!

PERSONALIZED SHORT AND LONG TERM GOALS

We believe that setting goals specific to each rider is the best way to help them achieve their full potential. Our therapeutic instructor will work with each rider and their team to determine what their priorities are for physical, mental, and emotional benefits. Once these goals have been established, each ride will work towards achieving them.
