# SEATON HACKNEY STABLES TROOP PROGRAM

*The Seaton Hackney Troop Program provides a forum for individuals to acquire or improve their horsemanship and horseback riding skills in a structured program within a supportive and fun environment. In case of bad weather, Levels 1 & 2 may include a grooming, tacking, safety and handling session as part of the Troop curriculum. Troop is 6 consecutive weeks.*

Riders should be able to correctly perform the skills listed under curriculum before moving onto the next level. Instructors may rotate for troops. Detailed level descriptions are available in the office. A personalized assessment of your child's progress will be available either verbally or in writing at the end of Troop. We reserve the right to consolidate or cancel levels. Instructor(s) recommendation, riding tests for the upper levels and, in some cases, remedial private lessons will be needed to advance to higher Levels. Please reference this legend for an explanation of the codes:

W	Walk	X	Cross-bars
T	Trot	XC	Cross-bar Course
C	Canter	VS	Single Vertical
D	Diagonals	VC	Vertical Course

## **HELMETS and BOOTS ARE MANDATORY**

### **BODY PROTECTORS\* ARE STRONGLY RECOMMENDED!**

*Helmets and Body Protectors are available from Seaton Hackney at no charge.*

**NEW:** Horsemanship 101 and 201 Troops are necessary to move to levels 2 and levels 3+. Taught by all staff and management (including Marc!) based on area of expertise. (Winter Classes)

### **Level 1 Progressive Goals**

Can safely handle and control the horse while on the ground and astride; pay attention to the instructor, focus and follow directions and demonstrate the "1,2,3" method of picking up, holding, and adjusting reins. Check and tighten the girth and adjust proper stirrup length from the ground; mount with a mounting block or leg-up; master the correct walking position; and maintain the proper distance in the ring.

As Level 1 progresses: Learn to post the trot; lead a Level 1 horse to the ring without assistance; ask a horse to stop, walk, trot, and turn; learn to adjust stirrups while mounted; hold and use a crop; lengthen and adjust reins at the walk and trot; trot with rhythm and consistency; learn to check and change diagonals; practice the two-point position at the walk & trot.

### **Level 2 Progressive Goals**

Learn to properly groom and tack up; lead horse to ring, adjust stirrups and girth; maintain the trot an entire ring length; correct wrong diagonals; demonstrate improved position at the walk and trot; As Level 2 progresses: Know how to cool off a horse; change diagonals without prompts; perform half-voltes, half-schools and diagonal changes; perform 20 meter circles; learn ring letters; learn the sitting trot without stirrups; stop, walk, turn and control the horse bareback.

### **Level 3 Progressive Goals**

Can groom, tack, mount & walk the rail without instruction. Smoothly complete transitions and consistently maintain requested gait. Learn and demonstrate a proper half-halt; able to change direction at the posting trot and automatically change diagonals as needed. Able to walk and trot figure-8s and use ring wisely. Show proficiency at the walk and trot with or without stirrups, sitting or posting, with or without saddle; able to ask for the canter and maintain pace for two laps. Can recognize lead and perform a simple lead change.

As Level 3 progresses: Confident trotting over single 18" cross rails in a straight line while maintaining a rhythmic trot. Willing to confidently ride horses levels 1-3. Can demonstrate a proper half-halt. Can ride a smooth posting trot with heels down, legs and hands quiet, body tall, and on the correct diagonal; able to adjust speed at any gait using half-halts; able to post the trot 3 full laps without stirrups and addressing diagonals; able to change from half-seat to full-seat while cantering; become secure at the canter and demonstrate it by cantering on the lunge line without holding on to the reins or to the saddle for approximately one minute. Able to pass other horses in the ring, allowing sufficient spacing, and alerting the other rider with "inside/outside"; canter a single vertical. Able to ask horse to lengthen and collect at the walk & trot, know the difference between working, collected and extended gaits. Begin to understand movement of the horse and start to establish the correct diagonal without looking; able to count strides at the canter while working over small verticals.
